\*You are expected to attend all competitions. If you have a conflict, you must inform the front desk as soon as possible. We register for most competitions no later than mid-September as most of these competitions fill well before the actual deadline.

\*Keep the entire meet weekend open (including Fridays and/or Mondays, if a Friday and/or Monday date is listed). You will not know exactly when your child is scheduled to compete until a couple of weeks prior to the competition. Your child will compete only one session, approximately 4-5 hours once over the weekend.

\*Book your hotels early and for the entire weekend. Once the competition schedule is released (typically 2-3 weeks prior to the meet) you can always cancel unnecessary nights. Check with the hotel for cancellation deadlines. We advise against booking any non-refundable rooms. If you like to use the SLGC hotel blocks, they will be emailed out in the next couple of weeks.
